**KERALA | BANGALORE | TAMIL NADU**

**ISO 9001:2015 CERTIFIED EDUCATIONAL TRUST**

Education is the more powerful weapon which you can use to change the world

~ Nelson Mandela ~

Education is the manifestation of perfection already in man

~ Swami Vivekananda ~

An investment in knowledge pays the best interest

~ Benjamin Franklin ~

If you are not willing to learn, none can help you and if you are determined to learn, none can stop you

Instruction ends with the class room, but education ends only with life

Sri Venkateswara Educational foundation has been actively functioning since 2003. With its headquarters at Kochi, the foundation is operating in both Kerala and Karnataka states. The institution was formed with the principal focus on distance education and consultancy services to learners across South India. In 2020, the foundation has registered as an educational trust under Govt. of Kerala, Reg. No: 57/IV/2020). Our mission is to make you realize the strength of education and it is not confined in the four walls of a conventional class rooms. This mission is being flourished from a highly focused vision to arm the new age leaders with world-class education to equip them to meet the next level professional challenges. In the course of almost two decades, SV Education Foundation became a synonym for professionalism and trustworthiness for students who wish to continue their studies when still on job or other such responsibilities. The institute is committed to provide admission counselling, educational consulting and associated services in reputed universities across India, in an array of academic strata ranging from school curriculum, undergraduate programs, post graduate programs and research programs with diverse disciplines spanning from Arts, Science, Engineering/IT, Medicine, Business/Management, Law, Education, Hospitality, Health care etc paving way to scholastic eminence and rewarding careers. Being an authorized representative of many top notch universities across the nation, the organization is a registered company approved by ISO and other endorsing agencies. Headquartered at Bangalore.

## ABOUT US

Sri Venkiteswara Educational foundation has been actively functioning since 2003. With its headquarters at Kochi, the foundation is operating in both Kerala and Karnataka states. The institution was formed with the principal focus on distance education and consultancy services to learners across South India. In 2020, the foundation has registered as an educational trust under Govt. of Kerala, Reg. No: 57/IV/2020). The initial objective of SV Education Foundation was to dispel the myths about distance learning by facilitating the admission procedures through technology resourcing and admission consultations. Such courses help the students to advance their careers and improve their skill sets. The quality learning materials are practical and easy to follow. The rigorous assessment and quality improvement helped the organization to provide best quality education for the thousands who rely on the institution for their career goals.

The company envisages a nation that understands the significance of education and everyone can access to higher education. With this vision, the company strives to find opportunities for professionals who have honest intention and positive aspiration. We work in the interest of both students and educational institutions that make us more professional and absolute reliable partner for the right academic and career advancement. In order to add value to our services, we observe personal, moral and ethical values to maintain high standards in our services. Over the years, SV Education Foundation could encourage students of multiple domains to resume their education in both academic as well as professional disciplines and to enable them to explore wider and new career opportunities. The company began consultancy services by identifying the student profile and their corresponding requirements before guiding them to select the right course based on current market trends, future prospects, and financial budget and other relevant aspects. Once the aspirants are assisted in making applications, we liaison with the respective academic institutions to ensure admissions for these learners/students.

## SERVICES

Registered under the Indian companies act, 2013 and approved by ISO 9001:2015, the services of the company has been diversified into few brands namely

### 1. DISTANCE EDUCATION

Distance, stream or lack of time is not a dilemma anymore if you have the will to study. SV Education Foundation helps you realize your academic dreams even though you are a working professional or busy home maker who could not continue your studies during your busy time schedule. Under the distance education option, SV Education Foundation offer correspondence courses from Secondary level to Post Graduation level via distance education scheme. The available courses include

- Secondary courses from NIOS and other recognized boards
- Senior secondary courses from NIOS and other recognized boards
- Under-graduate programs in Arts, science, Law, education and other streams
- Post-graduate programs in Arts, science, Law, education and other disciplines

### 2. EDUCATIONAL CONSULTANCY

Making a perfect choice of your course from the very large pool of courses, universities and academic disciplines is a challenge for many students. We, at SV Education Foundation understands your profile after making an assignment and helps you choose the right program that suits you the best. Our guidance is available for courses such as

- Secondary courses from NIOS and other recognized boards
- Senior secondary courses from NIOS and other recognized boards
- Under-graduate programs in Arts, science, Law, education and other streams
- Post-graduate programs in Arts, science, Law, education and other disciplines

## SERVICES

### 3. ONLINE COURSES

SV Education Foundation online courses are mainly intending to support professionals who have experience in teaching and other technical profiles. The online courses are primarily of two types

#### 1. Technical Courses / Vocational Courses

In order to complete technical courses offered by SV Education Foundation, you need to undergo an assessment conducted by us and once you could successfully pass the test, you will be given a certificate of qualification

#### 2. Teaching Courses

Teaching courses are also available for experienced candidates, but you need to undergo an elaborate theoretical as well as practical assessment for getting certified to become a qualified teacher. The online teaching courses offered by SV Education Foundation are

- Diploma in education
- Teachers training course
- Early childhood care and education

### 4. UNIVERSITY CREDIT TRANSFER

Had to discontinue your professional course? Could not fetch enough score to meet the qualification guidelines of your university? Don't worry! We have a perfect solution to continue in the same stream if your university followed a credit scoring system and you have 50% of the credit of the course in the first university. With this scheme, you can transfer your current qualification credits to another university and continue there as a new student. The available lateral entry options in engineering are

- Automobile Engineering
- Mechanical Engineering
- Civil Engineering
- Computer Science and Engineering
- Mining engineering
- Electrical Engineering
- Electrical & Electronics Engineering
- Instrumentation Engineering
- Electronics & Communication Engineering
